

**AUTOMOTIVE SPIN  
ITALIA**

# **Automotive SPICE Assessors and Improvers Working Group (ASAI-WG)**

---

## **Preliminary Results**

**Giuseppe Lami, Ph.D.  
ISTI-CNR**

# ASAI-WG: Background

- Uniformity/Repeatability in assessments is a key point
- Uniformity in applying Automotive SPICE is far from being achieved
- Many open issues (both in terms of process model and assessment model interpretation) exist

---

# ASAI-WG: Purpose

- Identifying relevant open issues related to the application of Automotive SPICE for assessments and improvement initiatives
- Achieving agreed solutions to open issues
- Releasing a guideline for assessors and improvers as a reference for uniform application of Automotive SPICE

# ASAI-WG: Members

- Fabio Bella (Kugler Maag)
- Luigi Buglione (Eng.it)
- Alessandro Coco (ISTI-CNR)
- Tony Coletta (DNV)
- Alec Dorling (Impronova) - *external reviewer*
- Fabrizio Fabbrini (ISTI-CNR)
- Fabio Falcini (Intecs)
- Mario Fusani (ISTI-CNR)
- Giuseppe Lami (ISTI-CNR)
- Paolo Panaroni (Intecs)
- Leonardo Ricci (Magnetis Marelli)
- Ugo Schiara (Bitron) – *technical contributor*

---

# ASAI-WG: Modus Operandi

- Members propose open issues as “questions”
- Questions are collected, integrated, classified and prioritized
- Members provide comments or propose solutions for the questions
- Members meet to agree answers to the questions
- Answers are transformed into guidelines

---

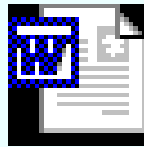

# ASAI-WG: Current Status

- Questions have been identified and documented
- High priority questions have been discussed and related answers agreed

---

# ASAI-WG: Example

Microsoft Word  
Document

---

# ASAI-WG: Next Steps

- Complete the analysis of the Questions
- Release the final document (Guide Lines)
  
- ASAI is an open WG:  
**volunteers are welcome**

---

- Thank you
